Conclusion

08/401,237 filed March 9, 1995, abandoned. These applications also claim priority to Japanese patent applications 39389/94 and 45441/95 filed March 10, 1994 and March 6, 1995, respectively. This application is also a continuation-in-part of pending application number 09/734,667 filed December 13, 2000 which was a division of application number 09/212,432, filed December 16, 1998, now issued as U.S. Patent 6,246,068, which was a division of application number 08/729,722 filed October 7, 1996, now U.S. Patent 5,854,123. These applications claim priority to Japanese patent applications 260100/95 filed October 6, 1995 and 264386/96 filed October 4, 1996.

REMARKS

The present amendment to the specification has been submitted solely to include a foreign priority application inadvertently omitted from the application as filed. The application was included in the application data sheet and was also included in the Supplemental Declaration and Power of Attorney filed May 30, 2002.

Entry of this amendment is requested to correct an informality in the application.

Applicants again note that they wish to personally interview the Examiner in this case before any action on the merits. Accordingly, before taking up this application, the Examiner is kindly requested to contact the undersigned attorney.

Applicants' undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our below listed address.
